## **Birket Engineering Moves Operations to Larger Facilities in Winter Garden, Florida**

February 2, 2009 – Winter Garden, FL. Birket Engineering, Inc. is pleased to announce the relocation of the company's headquarters to beautiful historic Winter Garden Florida. After 8 years in our Ocoee location, the Winter Garden facility increases our available Florida professional and production areas from 3,800 to 19,000 sq.ft. The facility will also include its Birket Specialty Lighting division.

President Glenn Birket said, "The purchase of this building is a great opportunity for us to improve our operation. We now have the space to accommodate our committed projects and our engineering, design, assembly, and sales areas under one roof. This is an exciting time for our company."

Birket Engineering, Inc. has been thrilling the world's audiences with custom electrical & software systems since 1984. The company's work may be found on Broadway, in Las Vegas, Macau and Sydney, throughout the U.S. and Europe, and in every Universal Studios and Walt Disney Company theme park in the world. See our offices in Hong Kong, Singapore, and Shanghai.
